

INSTRUCTIONS

To insert superscript/subscript and bold characters please use the proper Word style (eg. superscript, subscript, bold in the Styles box).

You can find the “bold”, “subscript” and “superscript” characters among the available styles.

Please follow the steps below:

- write the text,
- highlight the words by clicking and dragging with your mouse,
- select the style “bold”, “subscript”, or “superscript”.

Please do not modify the template format (e.g. no text in colour) and follow strictly the instructions present in the document.
